

Community revitalization doesn't just happen by accident. It takes hard work, vision and commitment from town leaders. Several years ago a group of concerned residents got together and decided to find ways of rebuilding the town.

In 2005 the town government formed the Sutton Community Development Committee. The committee members were from the town council. The committee then applied in 2008 and was accepted in 2009 to become one of the first thirteen WV ON TRAC communities.

The goal of the On Trac program is for Sutton's future to be an arts community, focusing on recreation and historic preservation.

Results are taking hold; an effective community economic development organization was established in 2007 as a 501 C-3 tax-exempt non-profit. The town has a shared vision for the future and there is a dramatic increase in the amount of community participation from both residents and businesses. Our organization has been involved in many of the town's events and festivals.

Becoming a member of the SCDC gives you the opportunity to benefit from the organization and its affiliates. Technical assistance is also available to our members where we are equipped to help.

## VOLUNTEER INFORMATION

Have more of a desire to donate your time and expertise? Maybe volunteering is more of an interest to you! We need good workers ready to help make a change. There are many different volunteer positions available.

Perhaps you have information or suggestions that you believe would be of assistance to the revitalization of the historic downtown Sutton. If so, please don't hesitate to share it with us. Your input is vital to the success of the Sutton Community Development Corporation and On Trac.
